

RESIDENT HANDBOOK

2024-2025

WELCOME AND OVERVIEW

UNC Charlotte Housing and Residence Life (HRL) partners with residents to provide communities that are safe, well-maintained, and intentionally designed to facilitate academic, personal, and professional growth. To support these efforts, HRL has established this Resident Handbook (the Handbook) as an extension of the Contract for Residential Services (the Contract) that outlines student rights and responsibilities while living in University-provided housing. These rights and responsibilities have been intentionally designed to foster communities grounded in personal accountability, mutual respect, and community awareness.

The Handbook, Housing 101, the Contract, and Roommate Agreements, in addition to [University Policy 601.5. Use of Student Residence Facilities](#), are all applicable rules and regulations. Failure to adhere to them can result in enforcement through Damage Billing, Health & Safety Inspections, Contract Breach procedures, and Accountability processes under the [Code of Student Responsibility](#).

BREACH OF CONTRACT

Under Part II, Section M of the Contract, breach of the Contract by a student may result in cancellation of a student's Housing Contract and an exclusion from University-provided housing. It could also result in a referral to Student Accountability & Conflict Resolution or criminal prosecution. No refund of housing charges will be made if a student is dismissed from University-provided housing due to a breach of Contract.

The University will notify the student, in writing, if it determines that the student has breached the Contract. If the student wishes to appeal the decision, they must file written notice of appeal, including any new, relevant information within 48 hours to the Associate Vice Chancellor for Student Affairs (or designee), who will render a final determination within 5 business days from the date of the appeal.

ACCOUNTABILITY PROCESSES

The purpose of UNC Charlotte's Student Accountability procedures is to uphold academic and community standards; encourage personal accountability and responsible decision making; promote student learning; and reduce and prevent behavior that undermines student success and community safety. The University is committed to providing a fair, impartial, and efficient process facilitated through compassionate conversations in which students are heard, respected, and treated with dignity.

When an incident occurs in University-provided housing and/or involves a residential student, HRL may coordinate with other campus offices to initiate the appropriate process, which can include an Alternative Resolution Process or Accountability Process as administered by Student Accountability & Conflict Resolution. All UNC Charlotte students are expected to be familiar with the [Code of Student Responsibility](#) (the Code) and conduct themselves in accordance with community standards.

RESIDENTIAL POLICIES

HRL considers the health and safety of our residential students and their guests as its highest priority. We strive to ensure that all our residents feel safe every time they come home. As such, our residents are expected to uphold these behavioral standards throughout the duration of their time as on-campus residents. The following policies have been outlined to help ensure that all members are contributing to the overall health and wellness of our community.

ALCOHOL

In addition to the behaviors prohibited in the Code of Student Responsibility, HRL hold students accountable for complying with the following expectations:

- Alcohol is not permitted in bedspaces, suites, or apartments of residents who are ALL under 21.
- Those 21 or older may possess or consume alcohol in their own room, suite or apartment.
- Those 21 or older may possess or consume alcohol in another bedspace, suite, or apartment with an assigned resident who is also 21.
- Alcohol is permitted in suites or apartments when one or more residents assigned to the unit are 21, as long as those under 21 are not the owners of the alcohol and are not consuming it.

University staff have the discretion to remove and/or ask students to remove any decorations that do not comply with these guidelines. Furthermore, students may be financially responsible for any damages as a result of unauthorized decorations.

DISPOSAL OF SHARP/DANGEROUS ITEMS

“Sharps” are defined as items that are capable of puncturing, cutting, or abrading the skin. Items such as glass, razor blades, needles, and syringes need special care in their disposal. Late and/or improper checkouts may be considered a breach of the contract and may result in associated outcomes under Part II, Section M of the contract.

PROHIBITED ITEMS

To minimize safety risks, HRL has compiled a list of Prohibited Items (housing.charlotte.edu/prohibited-items). This published list is not exhaustive, but can provide guidance on items permitted for use in university-provided housing. The bulletin boards and other approved posting locations in the residence halls are not "general purpose" and therefore are reserved for use exclusively by HRL. RESOURCES AND METHODS FOR REPORTING

All Residence Life staff members are considered University officials and have full authority to address alleged violations of the Code, this Handbook, and other applicable rules and regulations. However, any UNC Charlotte community member can inform the University of an incident by submitting a report via incidentreport.charlotte.edu. Reports filed are immediately

received in the system and are reviewed the next business day. In the event of an emergency or crimes or incidents involving imminent threat of harm, contact UNC Charlotte Police and Public Safety at 704-687-2200.

RESIDENCE HALL STAFF

Resident Advisors (RAs) provide on-duty coverage in most housing buildings/areas from 8:00 pm until 8:00 am on weekdays and continuously on weekends beginning at 8:00 pm on Fridays. To reach the RA on Duty, please call the phone number posted in your community. The availability of staff members may be limited during University break periods and during transitional housing between semesters.

Additionally, a professional staff member is on call every night from 5:00pm to 9:00am and throughout weekends and holidays to respond to emergency situations or other significant concerns. If you need the assistance of this staff member, contact the RA on Duty or Police & Public Safety at 704-687-2200.

POLICE AND PUBLIC SAFETY

Police and Public Safety officers patrol the campus and are available to respond to calls 24 hours a day. If at any time you are experiencing an emergency, contact Public Safety via phone (704-687-2200), the LiveSave app, or any Blue Light phone. Note: Dialing 911 from your cell phone will connect you to the Charlotte Mecklenburg Police Department before routing you to UNC Charlotte Police and Public Safety. For emergencies in on-campus housing facilities, please contact UNC Charlotte Police and Public Safety directly at 704-687-2200 to avoid delays in Police response.

HELP SEEKING PROTOCOL

Students are expected to demonstrate compassion by seeking help in potentially dangerous or life-threatening situations involving drugs and/or alcohol. The University does not want the fear of accountability repercussions to be a barrier for seeking help. In lieu of the University student accountability process, the [Help Seeking Protocol](#) provides students an opportunity to seek help for themselves or others while being connected to campus and community resources. The full text of the Help Seeking Protocol can be found [here](#).

SEXUAL AND INTERPERSONAL MISCONDUCT

UNC Charlotte takes allegations and reports of sexual and interpersonal misconduct (sexual or gender-based harassment, sexual assault, sexual exhibitionism, sexual exploitation, dating violence, domestic violence, stalking, sexual contact, and retaliation) very seriously and provides resources for [supportive measures](#) and [reporting](#). The University's Title IX Coordinator is responsible for ensuring compliance with federal law surrounding sex-based discrimination.

If you, or someone you know, are a survivor of sexual or interpersonal misconduct, there are many options available for both reporting the incident and seeking medical attention and emotional support, regardless of where or when the incident took place. For more information regarding the University's response to reports of sexual and interpersonal misconduct, available supportive measures, and grievance procedures under Title IX, please visit the [Office of Civil Rights and Title IX website](#).

Additional Information

- The University's [Interpersonal Violence Resource Guide](#) outlines the many services and resources available to students who have experienced sexual or interpersonal misconduct.
- If a student needs emergency medical care after hours, they can visit any medical provider of their choice. Students are also encouraged to seek follow up care at the Student Health Center. More information can be found on the SHC [website](#). Students are also encouraged to seek confidential counseling services through Counseling and Psychological Services located on campus. More information can be found on the CAPS [website](#).
- The University's definition of [Consent](#) requires an affirmative decision to engage in sexual activity. That means you should assume you have a "no" until you receive a clear "yes" that is knowingly and voluntarily given. Silence or a lack of resistance doesn't mean you've been given consent to engage in sexual intimacy. Additionally, if a person is incapacitated (by alcohol or drugs, for example), restrained, coerced, isolated or threatened, consent has not, and can not be obtained. For more information see <https://civilrights.charlotte.edu/students/prohibited-behaviors-definitions>.

- Bedrooms in an apartment or suite of a mixed-age unit take on the age of the resident assigned to that bedspace. For example, if the student in Bedspace A is 22 and the student in Bedspace B is 20, then alcohol is only permitted in Bedspace A.
- In a bedroom where only one assigned resident is 21 the alcohol must be kept on the side of the room belonging to the resident 21 or older.

COMMON AREAS

There are many common areas located throughout the university-provided residential areas. Common areas are primarily for the use of residents assigned to that residential living facility. No individual or group should engage in an activity which prevents the use of these common areas by assigned residents unless a reservation for the room is approved in advance by the Residence Education Coordinator (REC) or Graduate Hall Advisor (GHA).

Students are required to remove all trash and return all furniture to its original location before leaving the common area. The hall staff may restrict access to common areas if they are not being used and/or maintained properly by students.

DECORATIONS

While students are encouraged to make their residence hall room feel like home, decorations (e.g. posters, flags, signs, writings, stickers, banners, clotheslines, suspended lights, etc.) must be utilized with care and consideration of the following standards:

- Students are prohibited from using nails, screws, double-sided tape, or self-adhesive hooks. Students are permitted to use only regular (e.g. scotch) tape, removable command strips, or tacks for hanging decorations.

- Students are prohibited from displaying or storing items that pose a health or safety risk (e.g. pizza boxes, empty beverage containers, etc.).

University staff have the discretion to remove and/or ask students to remove any decorations that do not comply with these guidelines. Furthermore, students may be financially responsible for any damages as a result of unauthorized decorations.

In addition to fire safety rules prohibited under the Code of Student Responsibility, HRL also holds students accountable to complying with the following:

- All students must evacuate their residence hall rooms immediately and in an orderly fashion during each fire system activation, including all scheduled and unannounced fire drills.
- The fire system exists to ensure the safety of all students, staff, and emergency response personnel during an activation.
