

Student A & Student B are roommates, but Student A wants to be Student D's roommate. Student A must reach out to Student C to see if he is willing to swap spaces.

Student A & Student B are roommates, but Student A wants to be Student D's roommate. Student D must reach out to Student B to see if he is willing to swap spaces.

Student A & Student B are roommates, but Student A wants to be Student D's roommate. Student A SHOULD NOT create a room swap group with Student D if they'd like to live together.
